Dear families

We have enjoyed a fun filled week of learning this week.

We were lucky to receive some sapling trees from the Woodland Trust which the classes have been busy planting around the school grounds to enhance our environment. We have also been preparing for a visit next week from the London Children's Flower Society who will be judging our daffodils and hyacinths. We are looking forward to having the opportunity to show off our beautiful spring plants that have been growing in our classrooms.

Today is Red Nose Day and classes have celebrated with a sensory story and lots of fun activities.

We are updating our records and would like to ask all parents to complete a form regarding their child's dietary requirements. Please click on the link to complete a form <https://forms.office.com/e/zWuQGvZrpr>
If you would prefer a paper copy please email jackie.nolan@lindenlodge.wandsworth.sch.uk

Please don't forget that parent consultations take place next week on Monday, Tuesday and Wednesday. If you haven't had an opportunity to make an appointment please contact your child's class teacher on Monday.

Have a lovely weekend.

Food Technology

I'm a student in Sixth form¹ and really enjoy cooking. For the past two years I have been studying Home Cooking Skills and I will be doing my final exam in food technology this year. These lessons helped me to learn about the Eatwell plate, food hygiene, kitchen safety and how to cook healthy meals using basic ingredients. I also had the opportunity to learn new cooking skills and refine them when I prepared different food. Working safely is very important in the kitchen and all the adapted equipment helped me to stay safe and cook independently. I'm very excited to plan and cook my dishes for my exam. Have a look at these pictures me getting busy in the kitchen.

Red Nose Day

Bassoon class made their own red noses this week and shared jokes. Here are some they'd like to share with you.

Why did the chicken cross the playground?
To get to the other slide!

What do cats eat for breakfast?
Mice Crispies!

Where do cows go on Friday nights?
They go to the moo-vies!

Red Nose Day assembly

The children in primary helped Tamir to visit the seven continents to find laughter which had gone missing. We waddled like penguins in Antarctica and blew bubbles on the beaches in Australia. We ate berries in Canada. The children felt the sand in Africa and smelled the spices in China. Tamir finally found laughter when his mum opened the washing machine door when he returned back home. We all laughed together to celebrate red nose day and to make a difference to help people to live free from poverty, violence and discrimination. Well done to the primary students at Linden!

Tabla class Red Nose Day celebration

We had lots of fun dressing up and enjoyed the sensory story: "Looking for laughter with Tamir".

Art

We are so proud of our students who have been inspired by Claude Monet's work. This has resulted in these beautiful ceramic water lilies.

Tree planting at Linden Lodge

*We are very
lucky to have*

*received 15 saplings trees from the
Woodland Trust. We have been planting
them on the school grounds, and are
excited about the impact it will make on the school environment.*

*Students really enjoyed this
experience. They said 'it was
a lot of fun' and they were
excited about being able to
see the 'tree grow and much
it will grow!'*

Harp class loved planting a baby apple crab tree with teacher Sana.

We jumped and splashed in puddles on the way to our tree planting space. The children explored the plant and helped to dig a hole. We were delighted to discover snails and worms as we worked and played. We learned about tubing today. This was a fabulous activity enjoyed by all. Thank you Sana.
