Note:

All activities are subject to change and weather permitting. Students are encouraged to choose from a variety of activities. All students follow a waking day curriculum and have individualised targets which are achieved in a variety of environments. All students have daily opportunities to enhance and learn life skills.

Due to Covid restrictions all activities will take place in our beautiful gardens and areas around the school. We will update parents accordingly when restrictions are lifted.

Following our Covid 19 protocols each floor remains in bubbles. Where space permits students are able to enjoy activities together remaining in bubbles and adhering to social distancing.
