1. Aims

This policy aims to:

- Cover procedures for planning and managing non-examination assessments
- Define staff roles and responsibilities with respect to non-examination assessments
- Manage risks associated with non-examination assessments

2. Legislation

The Joint Council for Qualifications (JCQ) requires each exam centre to have a non-examination assessment policy. This is outlined in the JCQ's instructions for conducting non-examination assessments, which we refer to when carrying out non-examination assessments in our school.

This policy also takes into account the JCQ's guidance on post-results services and general regulations for approved centres.

This policy also complies with our funding agreement and articles of association.

3. Definition

The JCQ explains that non-examination assessments measure subject-specific knowledge and skills that cannot be tested by timed written papers.

There are 3 assessment stages and rules which apply to each stage:

1. Task setting
2. Task taking
3. Task marking

The rules often vary across subjects.

4. Roles and responsibilities

This section sets out the key responsibilities of staff in relation to non-examination assessments. For more detailed guidance on the requirements for conducting non-examination assessments, staff should read the JCQ guidance referred to above.

4.1 Head of Centre

In our school, the head of centre is Monika Gaweda

The head of centre is responsible for:

- Ensuring that the centre's non-examination assessment policy is fit for purpose
- Ensuring that non-examination assessments comply with JCQ guidance and awarding body subject-specific instructions

- Ensuring that JCQ's information for candidates is distributed to all candidates prior to assessments taking place
- Ensuring the centre's internal appeals procedure clearly details the procedure to be followed by candidates (or their parents/carers) appealing against an internal assessment decision, and that details of this procedure are communicated and made widely available and accessible
- Drawing to the attention of candidates and their parents/carers the centre's complaints procedure, for general complaints about the centre's delivery or administration of a qualification

4.2 Senior leaders

Senior leaders are responsible for:

- Ensuring that non-examination assessments comply with JCQ guidance and awarding body subject-specific instructions

4.3 Subject leaders

Subject leaders are responsible for:

- Familiarising themselves with JCQ instructions for conducting non-examination assessment
- Understanding and complying with specific instructions relating to non-examination assessment for the relevant awarding body
- Ensuring that individual teachers understand their responsibilities with regard to non-examination assessment
- Ensuring that teachers use the correct task for the year of submission and take care to distinguish between tasks and requirements for legacy and new specifications, where relevant
- Obtaining confidential materials/tasks set by awarding bodies in sufficient time to prepare for the assessment(s), where relevant, and ensuring that such materials are stored securely at all times
- Undertaking appropriate departmental standardisation of non-examination assessments

4.4 Teachers

Teachers are responsible for:

- Understanding and complying with JCQ instructions for conducting non-examination assessment
- Understanding and complying with the awarding body's specification, where provided, for conducting non-examination assessments, including any subject-specific instructions, teachers' notes or additional information on the awarding body's website
- Marking internally assessed work to the criteria provided by the awarding body

4.5 Exams officer

The exams officer is responsible for:

- Supporting the administration/management of non-examination assessment

4.6 Special educational needs coordinator (SENCO)

The SENCO is responsible for:

- Ensuring that all relevant staff are aware of any access arrangements that need to be applied

5. Task setting

Where the centre is responsible for task setting, in accordance with specific awarding body guidelines, teacher, working closely with heads of department will:

- Select from non-examination assessment tasks provided by the awarding body, or
- Design their own tasks, in conjunction with candidates where permitted, using criteria set out in the specification

Teachers will ensure that candidates understand the assessment criteria for any given assessment task.

6. Task taking

Where appropriate to the component being assessed, the following arrangements apply unless the awarding body's specification says otherwise.

6.1 Supervision

- Invigilators are not required
- Centres are not required to display the JCQ 'no mobile phone' poster or JCQ 'warning to candidates'
- Candidates do not need to be directly supervised at all times
- The use of resources, including the internet, is not tightly prescribed, but teachers will always check the subject-specific requirements issued by the awarding body
- Teachers will ensure that:
 - There is sufficient supervision of every candidate to enable work to be authenticated
 - The work that an individual candidate submits for assessment is his/her own
- Work may be completed outside of the centre without direct supervision provided that the centre is confident that the work produced is the candidate's own

- Where candidates work in groups, the teacher will keep a record of each candidate's contribution
- The teacher will also:
 - Ensure that candidates understand the need to reference work
 - Give guidance on how to do this, and
 - Ensure that candidates are aware that they must not plagiarise other material

6.2 Advice and feedback

- Teachers will not provide model answers or writing frames specific to the task (such as outlines, paragraph headings or section headings)
- Unless specifically prohibited by the awarding body's specification, teachers may:
 - Review candidates' work and provide oral and written advice at a general level
 - Having provided advice at a general level, allow candidates to revise and redraft work
- Any assistance that goes beyond general advice will be recorded and either taken into account when marking the work or submitted to the external examiner
- When marking work, teachers will use annotations to explain how marks were applied in the context of the additional assistance given
- Teachers will not provisionally assess work and then allow candidates to revise it
- Explicitly prohibited assistance will not be given
- Failure to follow this procedure constitutes malpractice

6.3 Resources

- Teachers will be aware of the awarding body's restrictions with regard to access to resources
- Unless otherwise specified by the awarding body, in formally supervised sessions candidates can only take in preparatory notes. They will not access the internet nor bring in their own computers or electronic devices
- Candidates will not introduce new resources between formally supervised sessions
- Preparatory work and the work to be assessed will be collected and stored securely at the end of each session and will not be accessible to candidates

6.4 Group work

- Unless the specification says otherwise, candidates are free to collaborate when carrying out research and preparatory work
- Where it is permitted, some assignments may be undertaken as part of a group
- Where an assignment requires written work to be produced, each candidate will write up his/her own account of the assignment. Individual contributions will be clearly identified
- Group assessment is not permitted

7. Authentication

Teachers will be sufficiently familiar with the candidate's general standard to judge whether the piece of work submitted is within his/her capabilities.

Where required by the awarding body's specifications:

- Candidates will sign a declaration to confirm that the work they submit for final assessment is their own unaided work
- Teachers will sign a declaration of authentication after the work has been completed confirming that:
 - The work is solely that of the candidate concerned
 - The work was completed under the required conditions
 - Signed candidate declarations are kept on file

If there is concern that malpractice may have occurred or the work is unable to be authenticated, the senior leadership will be informed.

8. Task marking

8.1 Internally assessed work/internal moderation process

Teachers are responsible for marking work in accordance with the relevant marking criteria. Annotation will be used to provide evidence to indicate how and why marks have been awarded.

We will inform candidates of internally assessed marks as candidates are allowed to request a review of the centre's marking before marks are submitted to the awarding body.

We will also make it clear to candidates that any internally assessed marks are subject to change during the moderation process.

It is the responsibility of all staff to participate in the moderation process by keeping the necessary records, attending relevant meetings and submitting marked candidate work as requested.

All assessment evidence that has been internally moderated must be kept on site until after the external moderation. The work remains the property of the candidate and can be returned to the candidate according to the requirements of the relevant awarding organisation.

The aim of this policy is to ensure that:

- internal moderation practices are valid and reliable, cover all tutors/assessors and meet the requirements of the awarding organisation
- the internal moderation procedures are fair and open
- accurate and detailed records are kept of internal moderation decisions

The centre will:

- ensure that all assessment activities are valid, appropriate and fit for purpose
 - apply a strategy that will provide a representative sample across all tutor/assessors
- create a plan of internal moderation in relation to all assessment activities
- define, maintain and support effective internal moderation roles, including the provision of training where required
 - provide standardised documentation to support internal moderation activity and record- keeping
 - ensure that feedback and outcomes of internal and external moderation support future development of good practice
 - carry out an annual evaluation and review of internal moderation policy and procedures

Internal Moderation Process for Linden Lodge (when applicable):

Term 1:

- Establish numbers of student cohort
- Establish levels that these candidates will work on
- Register candidates
- All student work will be moderated
- One copy of feedback sheet to be given to the assessor, one to be stored centrally in the centre portfolio for auditable purposes

- Meeting held to discuss issues arising from first round of internal moderation.

Minutes taken.

Term 2:

- First round of formative internal moderation to be conducted. Documentation to be copied as before and stored in centre portfolio.
- Any action noted by IM on first round to be checked and signed off.
- Meeting held to discuss issues arising/ second round of formative IM if needed

Term 3:

- Co-ordinator to establish candidates and units to be put forward for external moderation (as required)

- Summative internal moderation to be conducted,

Work submitted for external moderation in accordance with the relevant awarding body's specification

Review and Feedback Statement

In the first instance, feedback on ongoing and completed work will be given to students as part of regular formative assessment as they progress through the relevant qualification / award.

Following each round of internal moderation, a review meeting will be held, and feedback will be given to tutors and assessors and an action plan will be put in place to further develop practice and address any issues arising.

At the end of each academic year, a curriculum review will be held involving staff and students. Responses will be gathered via questionnaire and used to continually improve standards and outcomes.

8.2 Externally assessed work

The format of external assessment will depend on the awarding body's specification and the component being assessed.

Teachers will ensure the attendance register is completed, clearly indicating those candidates who are present or absent.

Where candidates' work needs to be dispatched to an examiner, we will ensure it is sent by the date specified by the awarding body.

9. Malpractice

The head of centre and senior leaders will make sure teaching staff involved in supervising candidates are aware of the potential for malpractice.

Teachers will familiarise themselves with the JCQ guidance on sharing assessment material and candidates' work.

Teachers will be vigilant in relation to candidate malpractice. Candidates must not:

Submit work which is not their own

Make their work available to other candidates through any medium, including social media

Allow other candidates to have access to their own independently sourced material

Assist other candidates to produce work

Use books, the internet or other sources without acknowledgement or attribution

Submit work that has been word processed by a third party without acknowledgement

Include inappropriate, offensive or obscene material

Failure to report allegations of malpractice or suspected malpractice constitutes malpractice in itself. Malpractice will be reported to senior leaders or directly to the awarding body.

10. Enquiries about results

We will make candidates aware of the arrangements for enquiries about results before they take any assessments.

Senior members of staff will be accessible to candidates immediately after the publication of results so that results may be discussed and decisions made on the submission of enquiries.

A review of marking is available for externally assessed components. We will obtain written consent from candidates for reviews of marking, and inform candidates that their marks may be lowered as a result of a review of marking.

A review of moderation is available for internally assessed components only when marks have been changed by an awarding body during moderations. If marks have been accepted without change, this will not be available. A review of moderation is not available for an individual candidate.

11. Monitoring

This policy will be reviewed by Magdalena Karpik, Exam officer at the beginning of each academic year. At every review, the policy will be shared with the governing board and approved by the head teacher and the governing board

12. Links with other policies

This policy should be read in conjunction with the exam policy.
